

Description:	Rev.	Rev. Date	Sales Order No:	Date:	PO No.
--------------	------	-----------	-----------------	-------	--------

Conditions of this ordering approach:

1.

This form is to be used when you plan on purchasing handwheel assemblies without color labels installed and adding color assignments late in the build.
2.

In this case, you are limited to ordering one of only 5 neutral color colors for the bezel label. This bezel label is part of the assembly(diffusor and water seal) so it must be installed by Innovative Controls to validate warranty.
3.

Therefore, color coding will be limited to the handwheel ring label only.
4.

Any Foam or CAFS icon indication is limited to the wheel center hub domed labels
5.

Only the Size B verbiage tag insert option (sold separately) is available when ordering this way.
